## Stitching the ITH Easter Egg Money Holder:

### Supplies:

- x1 Front of Egg-Fabric 5" square
- x1 5" Piece of Mylar
- x2 Back of Egg – Fabric 5" square with one folded in half
- Water Soluble Stabilizer
- Bobbin wound with same color of thread used for the satin border
- Scissors

1. Hoop the Water Soluble Stabilizer and stitch the Placement line for the Egg.
2. Lay down the Front of Egg fabric with the Mylar. Tape in place. Stitch the Ripple Fill over the egg. Stop your machine and trim around fabric and Mylar very close to the stitching line.  
*Interested in mylar? Check out our magic sparkle sheets here <https://www digitizingmadeeasy.com/product/mylar-embroidery-magic-sheets/>*
3. Stitch the 2 Motif patterns. Stop your machine.
4. Remove the hoop and turn it over. Lay the 5" Square back fabric with the folded piece of fabric with the bottom edges even over the egg. Tape in place.
5. Place the hoop back on your machine. Stitch the Run Stitch Tackdown Line. Stop your machine. Remove the hoop and trim around the back side of the egg very close to the stitching line.
6. Place the hoop on the machine. Stitch the Zig Zag stitch and the final Satin Stitch border.
7. Trim the stabilizer close to the satin stitch being careful not to cut it. Remove any excess stabilizer by dipping your finger in warm water and going around the edge.
